

Securing and recruiting skilled workers

We promote working and living in Thuringia through our Thuringian Agency for Skilled Personnel Marketing (ThAFF) and help companies find skilled workers.

We:

- › connect Thuringian employers and skilled workers
- › advise Thuringian companies on all aspects of recruiting and retaining highly skilled staff
- › identify employment, training and educational opportunities in Thuringia
- › serve as a welcome center and help recruit skilled employees from other countries

Supporting industry and innovation

As an economic development agency, we promote Thuringia globally and drive forward-looking innovations and cutting-edge technologies.

We:

- › promote Thuringia as an attractive place to do business
- › attract investors with custom solutions
- › help Thuringian companies access foreign markets and build international networks
- › connect Thuringian companies, research and scientific institutions and drive innovation

Thuringia's Movers and Shakers.

Operating on the state's behalf

**INVEST.
WORK.
LIVE.**

Our mission

We have been working energetically since 1992 to develop Thuringia into a forward-looking business, investment and technology center. We harness our deep experience, wide-ranging expertise and extensive network in economic development and real estate management to create new momentum and move projects forward sustainably.

Our services

Supporting industry and innovation

Developing Thuringian sites

Securing and recruiting skilled workers

Strengthening cities and regions

Enabling great living conditions

We support digitalization and the green energy transition in Thuringia through our subsidiaries, the Thuringian Digital Agency and the Thuringian Energy and GreenTech Agency (ThEGA).

Developing Thuringian sites

We use a big-picture approach to create attractive sites so that companies can set up business and grow successfully in Thuringia.

- We:
- › revitalize old industrial and military sites
 - › design, plan and build new sites and large industrial estates
 - › provide prime industrial and commercial properties
 - › prepare regional, site and labor market analyses as well as site evaluations

Strengthening cities and regions

We work with our municipal partners to make Thuringia even better for its residents and companies.

- We:
- › help Thuringian municipalities improve and redesign local neighborhoods as a recognized rehabilitation provider
 - › strengthen collaboration with mayors and district administrators in regional development
 - › act as advisors, coordinators, intermediaries and project managers
 - › identify suitable financing and incentive options

Enabling great living conditions

As a real estate provider, we supply attractive living quarters and develop building land in all regions of Thuringia.

- We:
- › buy, develop and improve land
 - › sell residential building land not tied to a particular developer
 - › design, plan and build construction projects and subdivisions
 - › handle all the tasks usually done by builder-owners
 - › build, manage and administer our own residential and commercial properties
